

DEPARTMENT OF FAMILY ADMINISTRATION
ADMINISTRATIVE OFFICE OF THE COURTS

SPECIAL PROJECT GRANT FUNDS

NOTICE OF FUNDING AVAILABILITY (NOFA)

Issue Date: April 6, 2007
Applications Due: May 14, 2007

General Information

The Maryland Judiciary began an important initiative to improve its responsiveness to families and children when it created circuit court family divisions and family services programs in 1998. Since that time, the circuit courts have reoriented their case management practices and developed programs to assist the many families and children that come before the court seeking a resolution to their problems.

The Department of Family Administration at the Administrative Office of the Courts is requesting applications for Special Project Grants. Subject to the provision of funds for Fiscal Year 2008, grants will be awarded to applicable programs which enhance the experience of families and children involved with Maryland's legal system. Programs will provide legal assistance and other services designed to increase access to the family justice system. The Maryland Judiciary is committed to ensuring that services provided by the courts are accessible to all litigants regardless of their ability to pay for the services, and without regard to representational status.

Funding Priorities

Applications submitted should depict programs that have a demonstrated need within the community that is to be served and are services that will be complimentary to those provided by the court. *Priority will be given to the continuation of projects currently funded through the Department of Family Administration Special Project Grants.* New projects within the following categories will also be considered:

- Projects that promote access to the family justice system;
- Projects that serve domestic violence victims seeking protection through the court;
- Programs providing innovative family services that address unmet needs of litigants and their families; and
- Other programs that enhance the court's ability to serve families and children.

Applicants must show a collaboration with the court in the jurisdiction where services are to be provided and must submit letters of support from the appropriate court in the jurisdiction to be served.

Eligible Grantees

Eligible grantees include court-related agencies, and non-profit service providers.

Funding Cycle

Grant awards will be made to fund projects during the period from July 1, 2007 through June 30, 2008. The availability of funds for this program is contingent upon the provision of funds in the Maryland Judiciary budget by the Maryland General Assembly for Fiscal Year 2008. Because these awards are dependent upon the conclusion of the State budget process, **awards will not be announced until June 2007.**
